

Spanish: wb 27.4.20

Learning:

Spanish – We are going to revise fruit vocabulary and express likes and dislikes.

Activity:

- Check out vimeo to find Spanish with Elisa Week 2 where I explain the activities and say the words for you to hear and read.
- Listen to the fruit song from last week,
- Practice saying which fruits you like or dislike in Spanish.

e.g. I like lemons = Me gustan los limones

I don't like apples = No me gustan las manzanas.

- Play Buscad La Fruta (find the fruit) with your family. (Instructions in resources below)
- You might like to watch a short video about a fruit farm in Spain:

Busca La Fruta – Find the Fruit

1. Find a piece of fruit and say its name in Spanish.
2. Take turns to have one family member to close their eyes (*cierra los ojos*) while another hides the fruit somewhere in the room.
3. Tell them to open their eyes (*abre los ojos*) and find the fruit (*busca la fruta*).
4. To help them find it, chant the fruit word in Spanish over and over with your family. If they are getting further away, chant the fruit word quieter (*mas tranquilo*). If they are getting closer, chant the fruit word louder (*mas alto*). Don't scream (*no grites*).
5. When they find it, say well done! (*ibien hecho!*).
6. Play again (*otra vez*) with a new fruit.
