- 🔍 Notice the endings of most of the family words and how they link to male and female family words (-o is masculine and -a is feminine).
- 🔍 Notice how the words for 'this' also changes depending on the gender (masculine or feminine) of the word that 'this' is.

Jumbled Sentences – cut them out, or write them out, in to the correct order.

- 🔍 Notice that Spanish sentences start with a capital letter, have a verb and ends in a full stop...just like English!
- 🔍 Can you spot the **verb** in the sentences?

Practice your introduction sentences then make a video report about your family! Email it to school so we can see it!
