Wheels!

This is a topic about transport that uses

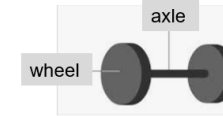

We are going to write a report on a car.

Design and Technology

How do cars move?

- Wheels are used by many types of transport to make them move.
- Axles make the wheels **rotate**

Axles can be **fixed** or **free**.

History

Did you know?

- Transport has changed a lot over time.

- There are many different ways to travel around London.
